Imported goods must be cleared by the Customs Service before being placed on the Exhibitor's stand.

Please note: Stand stockrooms are not secure premises.

Generally the pavilions, exhibition halls, and installations in exhibition centres meet the requirements of this order: accessibility, toilets, car parking, etc.

Furthermore, regarding installations open to the public during their creation, it is necessary to allow handicapped people access to stands, conference or meeting rooms, grandstands, or catering areas.

In the shows organised by COMEXPOSIUM, the Security Manager is responsible for ordering any measures required and carrying out inspections at shows.

The general and specific measures applicable to installations created at trade shows and exhibitions are given hereafter:

ACCESS TO SINGLE-LEVEL STANDS

Each stand, area open to the public, fitted with a floor higher than 2 cm must be accessible to People of Reduced Mobility (PRM).

One or several ramps, of a minimum width of 90 cm, will facilitate this access. Slopes will respect the following percentages:

- 4% slope without limit to the length of the passageway
- 5% slope on a length of less than 10 m
- 8% slope on a length of less than 2 m
- 10% slope on a length of less than 0.5 m

Clearance of a radius of 1.5 m will be left free for manoeuvring at each end of the ramp.

No floorboard allowed at CREATION & SAVOIR-FAIRE 2023.

PATHWAYS

- Width of 1.4 m minimum.

ACCESS TO STANDS ON UPPER FLOORS

- Stands on upper floors are forbidden.

FITTING OF ROOMS OR AREAS RECEIVING SEATED MEMBERS OF THE PUBLIC (CONFERENCES, STANDS, GRANDSTAND, ETC.)

Areas reserved for wheelchair users will be provided.

These areas must be located outside of alleyways and corridors and close to exits. The number will be calculated enabling two places for the first 50 seats and one place per additional 50 seats.

WELCOME AND INFORMATION DESKS

Welcome and information desks must be accessible to people using a wheelchair.

- Height 80 cm, a gap of 30 cm depth on a height of 70 cm, enabling space for knees.

New regulation

We bring to your attention the new measures regarding suspended structures. Every temporary installation that is suspended to the attachment points of the exhibition center by lanyards: lightning bridge, carpented structure, signing...

Security specifications of Paris Porte de Versailles Exhibition Centre has been modified to those installations inspection form into account. There by, **it is mandatory to control and certify installations by the Control Office certified, before being attached.** The Control Office can require the calculation note provided to the exhibition centre to verify the weight of the hangs, this control will allow you to obtain the installation stability's official report and to present it to the safety officer before the show opening.

You will find the Control Office that has been registered; you can choose the Control Office of your choice:

FIRE & PANIC RISK
PREVENTION REGULATIONS

1/4

1. GENERAL REMARKS

The safety regulations to prevent risk of fire and panic in establishments open to the public are determined by the Decree of 25 June 1980 (general provisions). The Decree of 18 November 1987 defines the special provisions applicable in exhibition pavilions. The text below highlights extracts of these regulations in order to make them easier to understand.

Any large project must be submitted for the approval of the Security Officer assigned to the trade show. All plans and technical information must be sent for this purpose to the organiser at least one month before the show opens.

During the assembly period, the Safety Officer oversees the application of the safety measures mentioned above. All further information concerning fire safety can be obtained from:

Temporary admission:

Under no circumstances do the above documents confer temporary admission.

Upon arrival at the exhibition's customs office, goods must be immediately declared for temporary admission via an on-site customs clearance agent (go to your online Exhibitor Space for a list of official agents).

After the declaration has been recorded, goods may potentially be checked by customs officers.

They cannot be sent on to the exhibitor's stand until all these formalities have been completed.

For the duration of the event, goods must be presented at the stand whenever customs authorities request it.

Important: Temporary admission is only conferred for the exhibition which is the subject of this document. No apparatus may leave the stand under any circumstances until the formalities for outgoing goods have been completed.

Outgoing goods:

As indicated above, no foreign goods from non-EU countries may leave the premises until one of the necessary declarations has been submitted to the customs office via the same customs clearance officer who oversaw the procedure for entry on site.

Apparatus can only leave the premises once one of the three following procedures has been completed:

1/ Re-export

2/ Transit under the continuous control of customs officials to another customs warehouse on French national territory

3/ Use on French metropolitan territory

In this case the apparatus must be declared for use by the same customs clearance officer who received from the importer the relevant duties and taxes on behalf of the tax authorities.

1 - PRELIMINARY DECLARATION OF SECONDMENT

Whatever their nationality, non-French service providers must complete a preliminary declaration of secondment (*déclaration préalable de détachement*) from the Ministry of Labour.

It is important to underline that French law, and in particular provisions regarding working hours and the minimum wage, applies to foreign workers as of the first day of their employment on French territory, however long they are working in France for.

According to law, no employee can therefore work in France:

- For more than 48 hours a week: please note that a week starts at midnight (00.00am) on Monday and ends at midnight on Sunday (24.00pm)
- For more than 10 hours a day
- For more than 6 hours without a break (of at least 20 minutes)
- For more than 6 days in a single week.

All employees working on French territory must receive a monthly gross salary demanded by the Ministry of Labour.

According to European Tax Legislation, organisers of international exhibitions may invoice certain services with TVA.

Foreign companies (EU or non-EU) are, under certain conditions, entitled to a refund of the TVA paid.

IMPORTANT

Please note: Companies not belonging to the European Union must appoint a French tax representative in order to apply for a tax refund.

For more information on the refund claims and procedures, exhibitors can contact our French Tax Representative, TEVEA INTERNATIONAL (see reply coupon below).

TEVEA International specialises in the handling of TVA refund claims, and will take care of the entire procedure on behalf of your company.
